CHAPTER 2 – CADRE TRAINING

2.1. General Information. AFROTC/CCVT oversees, manages, and develops training for all ROTC instructors and support staff. All cadre must accomplish all training requirements within the established timelines in order to meet and maintain their qualification.

2.2. AFROTC Initial Qualification Training (IQT) Courses. IQT provides the foundation for the administrative responsibilities and institutional requirements for all cadre. The IQT in-residence courses will be administered and managed by CCVT. In addition to earning qualification for detachment operations, all instructor cadre will earn a certification to instruct Aerospace Studies (AS) Courses through the Academic Instructor Course (AIC) portion of IQT. The IQT course(s) are mandatory for all Detachment cadre. Headquarters personnel may attend the IQT course(s) based on the recommendation of their commanders or division chief and if seats are available.

2.2.1. Region and Detachment cadre must ensure all inbound cadre are signed up for an IQT course. There are three different courses offered for AFROTC cadre members.

2.2.1.1. AFROTC Professor of Aerospace Studies (PAS) course. The PAS course is for all incoming Det/CCs and should be attended prior to arrival at the detachments when possible. This course is offered twice annually and is a total of ten training days. The maximum class size is 30 students.

2.2.1.2. Detachment Cadre Instructor Course (DCIC) course. The DCIC course is for all NCO, Officer, and Contracted instructors with the exception of Det/CCs. This course is offered a minimum of five time a year and is a total of ten training days. The maximum class size is 42 students.

The maximum class size is 42 students.

2.2.2. IQT Deferral. Cadre who are unable to accomplish IQT within four months of arrival at the detachment must request an IQT deferral. The Det/CC must request an IQT deferral via indorsement memo/letter (**Attachment 6**). IQT deferral should include an IQT class date showing the individual has been registered for class and is requested by the Det/CC to the Region/CC for approval. The Region/CC will send the approved request to CCVT for awareness.

2.2.2.1. AFROTC cadre approved for an IQT deferral must complete the IQT Distributed Learning (DL) training program under the supervision of the Det/CC or Education Officer prior to formal certification. IQT DL training must be completed within 30 days of receiving approval from Region/CC. The IQT DL training is known as Just in Time Training (JITT) and material is provided by CCVT. Once completed, the EO will document completion in the member's TEF. An additional 15-day extension may be granted by the Det/CC on a case-by-case basis with documentation maintained in the member's TEF. The

DL must be completed and documented prior to the member conducting unsupervised interaction with cadets or instructing AS Courses without a certified instructor present.

2.2.2.2. Instructor cadre that have an approved IQT deferral will receive an automatic AIC deferral IAW Holm Center Instruction (HOLMCENTERI) 36-2601, *Faculty Development and Master Instructor Programs*.

2.2.2.3. The EO will track all deferral requests, approval status, documentation, and completion of IQT DL training. The EO will document IQT DL training completion and retain the approved deferral letter in the cadre's TEF.

2.2.2.4. The IQT deferral approval is only valid until the next available IQT in-residence course. If the cadre member does not attend the next available IQT in-residence course, the IQT deferral must be resubmitted.

2.2.3. IQT Waiver. Reservists who are not assigned cadre (i.e., on military orders) must request an IQT waiver. An IQT waiver can also be considered for former AETC cadre/instructors to include contractors with recent instructor experience. It is requested by the Det/CC, indorsed by the Region/CC, and routed to CCV for approval by Holm Center/DE IAW HOLMCENTERI 36-2601 (if required) and the AFROTC/CC. Reference **Attachment 6**.

2.3. AFROTC Mission Qualification Training (MQT). Provides cadre with region, detachment, and university specific training that builds upon IQT. Cadre will document MQT accomplishment through a CCVT and Region developed POI checklist. All instructor cadre will be qualified to supervise Mandatory PMT events once they have completed Phase 1 of the MQT requirements which include the Organizational Overview, AFROTC/Detachment/University Familiarization and AFROTC Instructions & Guidance.

2.3.1. Detachments will develop the POI checklist and track accomplishment via cadre's TEF. This can be maintained either electronically or hardcopy.

2.3.2. EOs will ensure cadre accomplish MQT requirements within 90 days of arrival at the detachment, completion of IQT or receipt of approved IQT deferral date, whichever is later. MQT may be started but not completed prior to IQT completion. An additional 90-day extension may be granted by the Region/CC via email on a case-by-case basis with documentation maintained in the cadre's TEF.

2.3.3. MQT POIs will be reviewed annually by AFROTC/CCVT to identify needed updates.

2.3.4. JQS is required for all enlisted cadre and must be accomplished as part of MQT.

2.3.4.1. The JQS Trainer and Certifier may not be the same person. A trainer must sign-off on a critical task before a certifier evaluates the trainees' knowledge/performance.

2.3.4.2. All efforts will be made to accomplish training and certification in-person, but the Det/CCs may approve training and certification to be conducted over the phone and/or other digital methods, as appropriate.

2.3.5. AFROTC/CC is the waiver authority for instructors who are assigned as Field Training cadre, but have not completed MQT.

2.4. Continuation Training (CT). Cadre must accomplish CT requirements to maintain their qualifications. All cadre must complete annual ISTs. In addition, all instructor cadre must complete one Individual Assessments in an AS Course per school year.

All cadre must view lesson modules, document the review on the IST checklist by checking off the particular briefing, and file the IST checklist in the cadre's TEF and/or a master detachment IST folder. The IST checklist will be signed off at the end of the academic year by the EO and individual cadre member to certify completion of annual IST requirements. ISTs are developed to refresh IQT lessons and other important topics from the cadet lifecycle. For new cadre, completion of MQT will satisfy this requirement up to the date of their arrival. The EO is responsible for ensuring all cadre complete annual IST training NLT 31 July to maintain currency.

2.4.2. Individual Assessments. The purpose of the instructor assessment program is to ensure cadre meet the AFROTC training standard to enable mission execution. Individual Assessments provide instructors feedback to help improve and identify areas where additional training may be required. An Individual Assessment is required once a school year for all instructor cadre to maintain training currency and will be performed in an AS Course. The Det/CC may authorize additional assessments and evaluate a PMT event as required. The AFROTC Form 13, *AFROTC Individual Assessment*, will be used for all Individual Assessments. All fully qualified AFROTC instructors and Region or AFROTC/CCV personnel who are or have been certified instructors or evaluators in an Air Force operational or formal training unit, may conduct Individual Assessments.

2.4.2.1. Scheduled. The EO is responsible for establishing the detachment's internal classroom evaluation schedule as a part of CT. Individual Assessments accomplished as part of the unit's official DA or SAV may take the place of the currency requirement as long as it occurs within the evaluation window.

2.4.2.2. No-Notice. Commanders at every level are authorized to conduct a no-notice evaluations at their discretion for both AS and PMT lessons. At a minimum, the instructor's commander will be notified of the no-notice evaluation prior to the assessment start.

2.4.2.3. Pre-Assessment Actions. Provide instructor with a copy of the grading rubric and AFROTC Form 13, if requested. Ensure the instructor understands they are being officially assessed, and that it is NOT an observation. Coordinate a debrief time and location. This must be accomplished NLT 72 hours following the assessment.

2.4.2.4. Assessment Actions. During the Individual Assessment the assessor should not interfere unless they witness inappropriate behavior or safety concerns.

2.4.2.4.1. AS Course. Assessors will use the AS Course Standard Rubric (**Attachment 3**) for guidance on each graded area. A minimum of 50 minutes of instruction must be evaluated.

2.4.2.4.2. PMT. Assessors will use the PMT Standard Rubric (**Attachment 4**) for guidance on each graded area.

2.4.2.4.3. Early Evaluation Termination. The assessor may terminate an evaluation when an official, real world, or emergency situation arises.

2.4.2.5. Post-Assessment Actions.

2.4.2.5.1. Scoring. An instructor will earn a Qualified (Q), Unqualified (UQ), or Exceptionally Qualified (EQ) for each graded area and overall performance.

2.4.2.5.1.1. A UQ in any two or more graded areas translates to an overall UQ rating. See paragraph **2.6** for remedial training requirements.

2.4.2.5.1.2. A UQ in one graded area limits the overall rating to no higher than a Q.

2.4.2.5.1.3. A Q in any three or more graded areas limits the overall rating to no higher than a Q.

2.4.2.5.2. Written Requirements. Use the AFROTC Form 13 to document and grade the instructor's performance and provide feedback NLT 72 hours following the assessment. The EO is responsible to ensure the AFROTC Form 13 is signed by the assessor and instructor and maintained in the cadre's TEF.

2.4.3. DD Form 2982. All cadre must review and certify their understanding of the DD Form 2982. Review and recertification will not exceed one calendar year.

2.4.4. Failure to meet all CT requirements and timelines may result in instructor decertification. See **Chapter 3** for additional information.

2.5. Field Training (FT) Cadre Training. Cadre selected to attend FT will receive specific training before and upon arrival to the FT location. Cadre who are assigned a position that requires training cadets and/or direct supervision of cadets must be fully qualified.

2.5.1. The Field Training Commander (FT/CC) is the authority to retain/remove cadre who fail to meet requirements. Remedial training will be approved by the FT/CC. FT/CC will notify to the member's commander as soon as practical if removal occurs.

2.5.2. The FT cadre training will be organized and facilitated by HQ AFROTC Field Training Branch (AFROTC/DOF). The training will be prepared based on where Field Training will be located and review the responsibilities of all cadre members to include Cadet cadre.

2.6. Assessor Qualification Training (AQT). Field Assessors augment AFROTC/CCV during DAs and are provided specialized certification training.

2.6.1. Field Assessors are Region and Detachment personnel who have successfully completed AFROTC/CCVE's AQT Course. The Region/CC will nominate cadre for AQT. CCV will make all final certification decisions on Field Assessor candidates. Data calls for nominations will be requested twice a year, approximately two months prior to the start of the fall and spring semesters.

2.6.2. AQT is hosted twice a year, once prior to the start of the fall semester and once prior to the spring semester. Training curriculum includes assessor responsibilities and detailed instruction for performing a comprehensive assessment. AFROTC/CCVE may adjust the number of offerings and timing of AQT to account for assessment requirements.
